

TREATMENT OF INACTIVE ACCOUNTS

The Client who have been not traded for last more than 180 Days has to be marked as inactive account. There are checks in the systems for the inactive accounts. The funds and / or securities lying in these inactive clients accounts will be transferred to the respective accounts after taking consent from the clients. To activate the said inactive account one needs to provide the request letter for the activation of the code. After due verification the accounts will be activated. The client has to make written request or E-mail from designated E-mail Id for reactivation of trading account.
